DEDICATION

A well organized flight must be well planned. This planning consists of acquainting every member of the crew with the information necessary for making the flight a success. With this information the crew can go onward with the confidence needed to accomplish their mission.

This necessary knowledge was given to us by our Principal, Brother Herman; he has acquainted us with our responsibilities. Our briefing over, we know that we are ready for our objective. Now the rest is up to us. Some of us will be the pilots, others copilots, and some the gunners... but whatever we are the important thing is that we do our job correctly and efficiently.

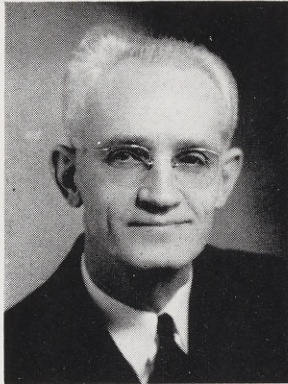

The natural nervousness that goes along with any important undertaking is common to us. It shows that we realize how important our coming flight is.

So with a feeling of gratitude, we, the Senior Class of 1947, dedicate this "Powerdive" to Brother Herman J. Keck, S.M.

JUNIORS

The year 1944 witnessed another group of Freshmen enter St. Joseph's to become acquainted with high school life. Before our first year was out, we were studying the 'regular' two hours per night. We were busy, oh! so busy, learning Latin, algebra, and other higher subjects. By the grace of God and 100% perspiration on our part, we lasted the year.

In '45 we came back as 'Wise fools'. School activities became important to us. The Pilot's basketball team saw a few of us attain players' ranks. The honor society, C.S.F., also received several of our number who maintained the necessary scholastic standings. Even Speech was not beyond the onrush of our participation. As the year came to a close we anticipated an even more exciting Junior year.

We were not disappointed. There were less of the familiar faces to greet us as we came back to the Pilot School. We became more active than ever in basketball and baseball. C.S.F. and Speech found a few new Junior names on their rosters with Chilton carrying the torch in some of the Contests. We hope 'Zeeboysky's' knee gets better in time for the Junior Prom . . . May 3rd, Hotel Claremont, Maurice Anger . . . One more year!

SOPHOMORES

The last two years at St. Joseph's have shown that there is yet to be found a class that has surpassed the Sophomores in school spirit. School spirit — the chief factor in insuring the success of a school.

After being in the Pilot school for these last two years, they have the privilege of saying that a number of their classmates have been among those on the C.S.F. — the school honor society. In following the tradition of preceding Sophomore classes, the Sophs put on their class dance, the "Holly Hop," a little before Christmas.

Through the generosity of these two classes, the Sophomore mission total is showing steady progress. There are a few boys in this group who are showing outstanding and exemplary work in the speech club, Chi Rho Mu. This class has shown great talent in sports. Most of the "B" basketball team was made up of Sophomores and many have turned out for the baseball and track squads. We hope that the spirit of this class will continue and spread throughout its remaining years at St. Joseph's — for we of the Student Body are indeed proud of it. May the loyalty of the Sophomores be ever ready and willing to stand up for its alma mater.

FRESHMEN

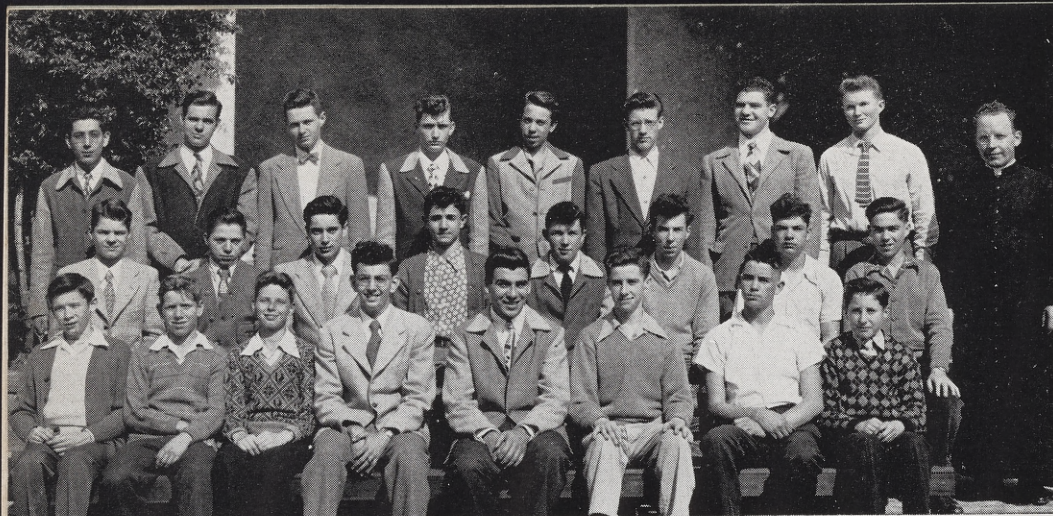

This Freshman class arrived at St. Joseph's like a light, spring breeze—no one took notice of it, in fact, they were even taken for granted as something that necessarily must happen. But in time, the light and unnoticed breeze developed into the rushing winds of an infuriated gale. From a strange, unsettled, and uncertain group of Freshmen who knew nothing about high school, they have become well-known, settled, and certain of their duty to their "Orange and Blue." And they have indeed done their job well — first, the Freshman Sodality was created, composed entirely of Freshmen, with Peter Mollan as their prefect and Brother Rielly as their moderator; second, an encouraging number of Freshmen are C.S.F. members and when they reach their Senior year we hope to see many of them as life members; third, future varsity basketball members are in the making as the Freshman "C" team was organized. Almost one-half of the Chi Rho Mu speech club of St. Joseph's is made up of Freshmen and it seems that St. Joseph's already fine reputation in oration, will certainly be further advanced as these boys continue their work. But the achievement that we are all proud of is the Freshman school paper, the "Contact." It is a monthly news sheet that makes for much interesting reading. Indeed, these present Freshmen have set a record of achievement that will take a lot more than just school spirit to break.

COACHES
LEFT TO RIGHT: Robert Murphy, John Walpole, Brother Bernard, Joseph Ferguson, Alfred Melcer.

Guiding the varsity basketball team through a season of tight competition, Coaches Murphy and Ferguson tirelessly devoted their time and energy to produce a sharp quintet. Al Melcer sparked the "B" team to a majority of thrilling victories over their opposing fives. John Walpole, former track and cage star, has returned to coach the track team. Brother Bernard was athletic director.
